

Haddam Resource Guide Survey

The Fishermen, an *ad hoc* committee assembled to develop ideas to bring new members into our congregation, proposes the creation and production of an informational reference guide for new residents to the Town of Haddam. The guide would answer questions commonly asked by someone new to town. It would be delivered to new residents by members of FCCH. This information will be collected from the town hall and printed in the office.

The creation, production and delivery of the proposed guide would be a collaborative effort on the part of the entire congregation. We are asking you to contribute for the content on a few specific areas. More will be covered than what is being asked today.

Business and Retail- Where do you do the following activities?

Pharmacy _____

Buy local produce/Farmers Market _____

Grocery shop _____

Automotive repairs _____

Gas stations / Convenience store _____

Septic cleaning _____

Fuel oil company _____
